To Whom It May Concern:

Mr Marcin Kaźmierski and Mr Robert Łukaszewski of Netadmin Sp. J. administered a branch of Dynea's corporate network in our Warsaw Office from 2004 until the closing of the office at the end of 2007, when the Warsaw office was closed.

Scope of their responsibilities –

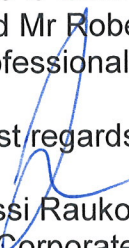

- Network Administration
- Server Administration
- Backups
- End user support
- Ensuring office met Dynea ICT Standards

They deployed projects related to corporate network in Warsaw office.

Their work required a high level of professional skills and self-reliance.

As person responsible for supervising their work I can recommend their services to anyone who is looking for professional and experienced network administrators. Mr Marcin Kaźmierski and Mr Robert Łukaszewski demonstrate commitment, conscientiousness, reliability and professionalism.

Best regards,
